

### Academic Success Program

The Academic Success Program (ASP) provides instructional supports to meet the unique learning needs of individual students. At UC Academy, we are proud of our wholistic approach to student learning, encouraging the use of multiple modalities in the classroom to best serve the individual. The goal of this support is to equip students to achieve their full potential in an inclusive, general education classroom environment. Participating students are not necessarily identified with a learning disability. Typical learning needs served within this program fall under the categories of Speech and Language Impairment, Autism Spectrum Disorder, Auditory/Visual Processing Disorder and ADHD.

**Eric Larson:** *ASP Director. California Education Specialist Credential, Mild/Moderate Disabilities. Contact at [elarson@UCAcademy.org](mailto:elarson@UCAcademy.org)*
