

Due to Covid-19, we understand the traditional classroom may not fit your family's needs.

As part of our United Christian Academy (UCA) family, we want to support you as you make the decision how to educate your child.

We are pleased to offer you a choice between our traditional in-classroom instruction and our off-campus learning platforms.

United Christian Academy Learning Platforms

Partnering with
you and your
family

To Continue UCA's Learning Momentum

United Christian Online Academy

Elementary

6

Kindergarten

Students will refine reading skills with read-aloud books and a phonics-based approach. Reading materials are integrated with Science and Social Studies for an interdisciplinary education. Math introduces students to numbers, shapes, problem solving, and ordering numbers.

United Christian Online Academy

7

1st Grade

First graders build on what they learned in Kindergarten to develop phonemic awareness, comprehension, and vocabulary. Students build a strong foundation in Math skills and concepts in ways that are fun and engaging.

United Christian Online Academy

8

2nd Grade

Students become fully immersed in the world of independent reading and build a strong Math foundation through projects that mirror real-world applications.

United Christian Online Academy

9

3rd Grade

Collaboration is integrated into lessons and projects. Learning will take place on a personal level cultivating a deeper understanding of subjects. The Singapore Math Method continues to build on concepts taught in Grade 2.

United Christian Online Academy

10

4th Grade

Lessons guide students in applying concepts learned in fun and meaningful ways. Tips on differentiation are included so Learning Guides can adjust the lessons to accommodate students of different ability levels.

United Christian Online Academy

11

5th Grade

Essential writing skills continue to be developed, including paragraph structure, outlining, and summarizing. In Social Studies, students investigate the history of the United States and California, from the Reconstruction Era through modern times.

United Christian Online Academy

Junior High

12

6th-8th Grades

- Aligned with US national standards and college and career readiness standards
- Core courses are biblically integrated to help develop a Biblical worldview
- Courses focus on personalized, adaptive learning experiences
- Online curriculum is specifically designed to encourage students to think independently, impartially, critically, and creatively
- Mastery of standards is provided through curriculum assessments and benchmarks, as well as an intervention platform

United Christian Online Academy

High School

13

9th-12th Grades

- Robust collection of college and career readiness courses.
- Courses develop real-world skills with a focus on identifying students' passions.
- Rigorous, relevant content aligned to state and national standards.
- Media-rich, interactive active learning experiences that expand learning.
- Core curriculum, spiritual development, world languages, technical education, and Advanced Placement courses.
- Curriculum is customizable to meet the needs of individual learners.
