Student Name _____ Date _____

Grade _____ Home Phone _____

Home Address: _____

Student Driver License _____ Exp. Date _____

Vehicle Make _____ Model _____ Year _____

Color _____ License Plate _____

Auto Insurance Carrier _____

Policy # _____

The cost of the permit is \$25 (\$22 to renew if you still have last year's permit card). This is DUE 2 weeks after the start of school or after student begins driving to school for the first time.

****Payment must be submitted to the main school office (Finance Department) and a receipt of payment along with this application should be brought to the high school office for a permit to be issued.***

The students and parents understand that it is a privilege to drive and park on campus. Any student who is deemed to drive unsafely by the campus authorities may have their driving privileges revoked temporarily or permanently. Our primary concern is to keep all students safe as they are on campus. Students must park in the designated lots (East lot) and may not have access to their vehicles during the school day, unless they sign out first to go retrieve something. Students may not drive other students if their license is not valid for that purpose. Students must obey all traffic safety laws.

By submitting this application, the students and parents agree to abide by school driving and parking policies and recognize that the permit can be revoked by school if policies are not followed.
